## Principal's Message

It has been another busy and productive week at Glebe Public School.

### Executive Director Visit

On Tuesday, our Executive Director, Dr. Sylvia Corish, visited Glebe Public School. The purpose of her visit was to meet our staff and students, and hear about our plans for 2020. Dr. Corish spent time with the leadership team and enjoyed her visits to classrooms. We thank her for visiting our school and look forward to welcoming her back in the future.

### Presentation Assembly

Thank you to everyone who attended the Presentation Assembly today. It was a wonderful event and showcase of Glebe Public School for 2019. It is at events like these that it is clear that community spirit is high. Congratulations to all of our students on their achievements and success in 2019.

### Ideas for 2020

Do you have an idea for a before or after school activity that you would like to see at Glebe Public School in 2020? Please email me and let me know. We are always looking for additional opportunities that we can provide to our students.

### Pokemon Cards

We are asking that Pokemon cards are not brought to school. The reason for this is that students are becoming upset if their cards are lost or damaged and some students are having difficulties in understanding the rules of the various games that are played. As these cards are popular, we will look at how we could include this as a lunch time extra-curricular club in 2020.

I would like to thank you for your ongoing support of Glebe Public School. I am incredibly privileged and proud to lead such an amazing staff and school and look forward to a rewarding remainder of the year.

Have a lovely week!

## **Class Formation for 2020**

The School Executive are in the final stages of forming classes for next year. At this time, there will be 14 classes at Glebe Public School in 2020. The class structures across the school will be made up of several stage based classes. Stage based classes may also be known as multi-age or composite classes.

<b>Early Stage One</b>	<b>Stage One</b>	<b>Stage Two</b>	<b>Stage Three</b>
<b>Kindergarten</b>	<b>Year One and Year Two</b>	<b>Year Three and Year Four</b>	<b>Year Five and Year Six</b>
1. Kindergarten 2. Kindergarten	1. Year 1 2. Year 1 3. Year 1/2 4. Year 2 5. Year 2	1. Year 3 2. Year 3 3. Year 3/4 4. Year 4	1. Year 5/6 2. Year 5/6 3. Year 5/6

Sometimes parents may be apprehensive about how this will impact on their child's learning. The key to understanding stage based classes is to realise that student learning is based on a two year continuum of learning and classes are made up of students drawn from these different year levels.

In reality, every class is a stage based class as teachers routinely differentiate the curriculum to meet the needs of individual students, for example, a student in Year 2 (Stage 1) may be undertaking work at a Year 3 (Stage 2) level and vice versa.

At Glebe Public School, teachers plan and work collaboratively with their Assistant Principal to design teaching and learning programs for their stage. Differentiated groupings and programs run across grade and stage based classes to target teaching and learning to student's specific needs. Effective teaching is about addressing the needs of students through ongoing (formative) assessment.

We are in the final stages of allocating teachers to classes, and anticipate that we will be able to inform parents and carers before the end of the school year.

In Term One of next year, all stages will be holding information sessions where the class teachers will outline the stage programs for 2020. If you have any further questions about Stage Based Classes please speak with the current Stage Assistant Principal responsible for your child's class.

## **P&C News**

### **Drinks and nibbles next week - Wed. 11 December, from 6.30pm @ the Flodge**

All are welcome to join us for a low-key end of year celebratory gathering at the Forest Lodge Hotel next Wednesday evening. Drop in for a pizza, cleansing ale (or lemonade), some laughs and celebration of another successful year. Kids welcome.

### **Thanks to Kel for the little orange t-shirts!**

Shout-out to Kel Forster for being a trooper and organising the Headstart shirts in record time for this year's cohort of Glebe PS recruits. The orange 'Glebe'-themed t-shirt is a Headstart tradition of many years' standing, and it is always lovely to see the class proudly wearing them as they graduate from their introduction to big school.

### **And thank you . . . all of you**

As the year draws to a close, I'd like to thank everybody out there who has supported the P&C, Centipede or Glebe PS in general throughout 2019. There are always too many champions to name, but we couldn't have done it all without you. I feel especial gratitude for anyone who is still reading my column entries here after 5+ years - you could be forgiven for being bored by now with my endless requests for volunteers, shout-outs for donations, and never-ending spiels about how much fun we claim to have at P&C meetings. But for now, just have a wonderful holiday season. ☺

Cheers for 2019,

Rachel - VP

### **Sun Safety**

Australia has the highest incidence of skin cancer in the world, with one in two Australians developing some form of skin cancer during their lifetime. Overexposure to the sun during childhood and adolescence is known to be a major cause of skin cancer. Employees, others undertaking work and students are at risk from sun exposure unless these risks are properly managed.

Types of personal protection:

- Hats that protect the face, neck and ears and any exposed skin on the head;
- Clothing such as long pants, shorts or skirts and shirts with sleeves and a high neck or collar;
- SPF 30+ broad spectrum, water resistant sunscreen; and
- UV protective sunglasses.

It is apparent that many of our students are not wearing hats when outdoors. It is vital that you provide your child/children with a hat to protect them from the sun. Hats can be purchased from the school office; however, students are allowed to wear an appropriate hat of their choice. Students who do not have a hat at school will be asked to play under the Covered Outdoor Learning Area (COLA) during recess and lunch times.

Students will revisit sun safety in classes this week to ensure they are aware of the protective strategies that they can apply.

Our school staff have also been requested to wear a hat when outdoors to ensure they are modelling these expectations to our students.

Thank your support in ensuring that our students are protected from the sun.

Regards,

**Bryce Walker**  
R/Principal

### Counselling and Psychology

If you feel you or your family are experiencing any difficulty we have a partnership with USYD Psychology Clinic (Brain & Mind Centre). They are offering our community discounted rates at \$12.50 for pensioner / concession or \$25 if you are working. They also run psychometric tests which are often requested by paediatricians. Feel free to call and book in a session at (02) 9114 4343 or chat with Helen Michael or Kate Brennan for any enquiries.

### Primary Ethics Teacher Volunteers Found!

We've had a great response on our need for volunteer teachers to support our Primary Ethics program, and have four new teachers progressing through training. They should be ready to teach in first term 2020. Thank you to everyone who responded!

If you'd like to know anything more about the Primary Ethics program at Glebe, you can find a wealth of information on their website <https://primaryethics.com.au/parents/> or have a chat with Kait Gotham - Glebe PS Primary Ethics Coordinator (and mother of Ilias Y4 + Asher Y1)

# CRETACEOUS CHRISTMAS!

Looking for something for Kids to do after school finishes for the year?  
St Barnabas Church, Broadway are organising a Christmas Kids Club, Thursday 19th and Friday 20th December.

Put on your palaeontology hats and join us as we dig in to the Christmas story and discover Jesus! There'll be games, stories, songs, craft, and a whole lot of dinosaurs!

**CRETACEOUS CHRISTMAS** is a 2 day Dinosaur-themed Christmas Kids Club, for children in kindergarten to year 6 (Kindy 2020 also welcome!)

9am - 3pm each day (drop off from 8.30, with minimal supervision 8.30-9)

There'll be plenty of space for kids to explore their own thoughts and ask questions too! This is not just for members of the church!

Cost per day:  
\$25 for one child,  
\$40 two or more children in a family  
(concessions available - please contact the Barneys office on 9211 3496)

More information and registration at:  
[www.christmasinsydney.org](http://www.christmasinsydney.org)

Register by the 16th of December  
Morning and afternoon tea provided. Bring your own lunch (no nuts).

## Positive Behaviour for Learning (PBL) at Glebe Public School

As part of commitment to ensuring a positive, engaging and successful school experience for all students, Glebe Public School has started our journey as becoming a PBL school.

Today we had our first meeting and we look forward to sharing more information with you over the coming weeks, as parent and community involvement is a pivotal part of this program.

In the meantime, below is some general information about PBL

There are three specific aspects to PBL:

- **universal focus** – to create a preventative, positive learning environment for all students
- **targeted interventions** – to improve social-emotional skills for students who need additional support
- **individualised intensive supports** - for students who have experienced academic and behavioural difficulties over an extended period of time.

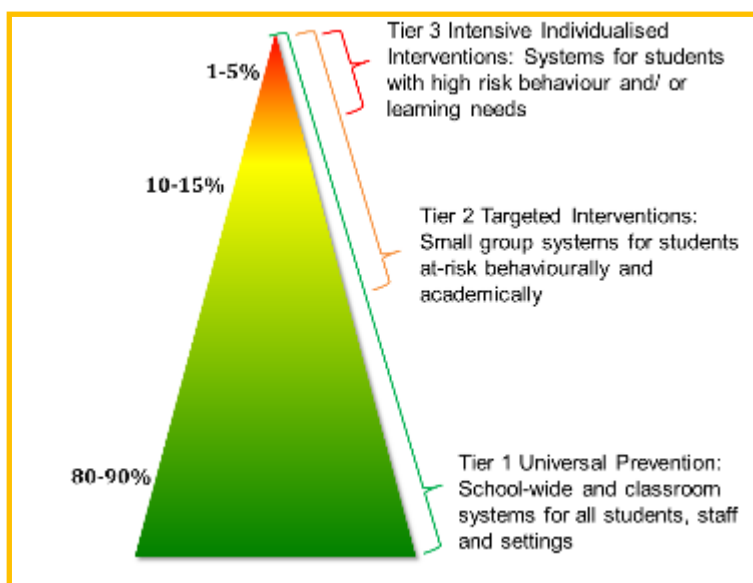

Together, this three step process is known as developing a continuum of support. PBL uses a tiered intervention framework which uses varied levels of support for students based on their needs. The tiered approach addresses these needs through:

- investing in prevention for all students
- identifying and providing targeted supports for individual students who need more support
- providing individualised and intensive interventions for students with significant support needs.

Each school develops a continuum of support across the tiers that promotes student wellbeing within a school culture strongly focused on learning.

Through this framework, student assessment and instruction are linked to inform data-based decision-making. All children and young people receive universal support and instruction. If students need more support, their instructional program becomes more intensive and individualised to target their specific learning needs.

## Road Safety

Over the next week, all classes will revisit road safety as part of their learning in Personal Development, Health, Physical Education (PDHPE). It is vital that all students have a solid understanding of road safety.

A summary of the content that will be covered is in the flyer below. Please take the time to discuss these messages with your child/children at home.

# Key road safety messages

At school, your child will learn about road safety as part of Personal Development, Health and Physical Education.

Help them practice the road safety messages they will learn at school by sharing them whenever you are out and about.

## An evening with **Robyn Steward**

“Autism from a  
person, not just a  
textbook”

**9<sup>th</sup> December 2019 \* Forest Lodge PS Hall**  
**5pm to 7pm**

### BE EDUCATED

Robyn is passionate about including the perspectives of people on the autism spectrum in research. She endeavours to ensure these perspectives are heard by the scientific community and that autism research is done with autistic people, rather than on, to or for them.

### BE INSPIRED

Hear insights from Robyn, an internationally acclaimed autistic advocate, author, musician and mentor.

### BE CONNECTED

Meet other local families, carers and professionals interested in autism. Grow your support circles and share ideas.

**FREE tickets available now at [flodge.net.au](http://flodge.net.au)**

Limited free child minding (and pizza) available for Forest Lodge PS families.

Robyn travels the world helping people understand more about autism. She is the author of two books, “The Independent Woman’s Handbook for Super Safe Living on the Autistic Spectrum” and “The Autism Friendly Guide to Periods”.
